Call NEMS at 415-391-9686 or 650-550-3923 or 408-573-9686

NEMS providers are now available to answer your questions and address your health concerns via a phone or video appointment from the comfort of your home. Please call first before coming to the clinic in person.

If you are not yet a NEMS member, you can still call us to become a member over the phone and schedule an appointment. We are currently accepting new patients!

What is a Telehealth Visit?

Telehealth visits can be done by phone or by video, and are usually covered free of cost by most health insurance plans, including Medi-Cal. These services are open to all NEMS patients, but your provider will determine if telehealth is appropriate for your current health needs. If you are experiencing an emergency or need help right away, please call 911 immediately.
